

A SOLDIERS' REUNION.

What Col. Weldy Has to Say About the Coming Event, Sept. 22-26.

HEADQUARTERS EIGHTH ANNUAL REUNION.

GALENA, KANSAS, July 22, 1890. CIRCULAR NO. ONE.

COMRADES.—In assuming command of the Eighth Annual Reunion, of old soldiers, sailors, their families and friends, to be held at Baxter Springs, Kan., Sept. 22, 23, 24, 25, 26, I have but this to say: Last year we promised—with your co-operation, to give you a genuine Soldiers' Reunion. How well we kept that promise, is a question that may be answered by the thousands in attendance. From every direction came such encouraging comment as follows: "Best reunion I ever attended." "Had a car load of fun." "A regular soldiers' love feast." "Haven't been in the habit of attending these reunions but you bet I'll be on hand every time hereafter." "A sure huff gathering of old soldiers." "We will be there next year when 'reveille' is sounded on the first morning and will not leave until after 'taps' on the last night. This sentiment, so universally expressed, encourages us to believe that the coming reunion will be the largest ever held in this section. We now repeat our promise. So far as it lies in our power the coming event shall be made a soldiers' reunion, in fact, not merely in name. A reunion in which the soldier is considered first in all things. His comfort, pleasure, entertainment, and welfare shall be made the prime object of our efforts. With your assistance and encouragement we can make good this promise. Without it we can accomplish nothing.

Last year the largest attendance, on one day, was estimated at 15,000, and a gentleman said in our presence, "Great gee-hosiphat, where did all those soldiers come from?" Let us show him that they were merely the "advance guard" of the main body, who will be here this year.

We continue to grow old. Notwithstanding our efforts to appear young. Many of us will not live more than a hundred years longer. Let us lose no opportunity to enjoy these reunions while we can. All of us have passed the summit and are tottering down the hill of life—not in single file, but in platoons, by companies, regiments, brigades, divisions, corps, armies and it will not be long until the rear guard will have reached the foot and the last vestige of the great army, to whom this nation owes its existence, will have disappeared from the scene of life. Let us clasp hands as often as possible on the way. The nearer we approach the end, the more fully we appreciate that "fraternity of feeling which binds us together as comrades." Let us devote a few days to the enjoyment of it. Let us meet—not with long drawn faces, but with a cordial, hearty greeting; with cheering songs, lively reminiscences; let us live over again the old camp life; let us gather around the camp-fire and imagine that we have just received the news of

Grant's meeting with Lee.

North the old apple tree.

Let us set apart a few days for the enjoyment of just such rip-roaring, whoop-em-up, yet innocent fun, as only the old soldier knows how to indulge in. Bring your wife, baby, father, mother, sisters, aunts, uncles, cousins, the whole family, there is room and a welcome for all. By order

L. C. WELDY, Col. Com'g.

J. P. HARTLEY, Adjutant.

Began taking Dr. King's New Discovery for Consumption, am now on my third bottle, and am able to oversee the work on my farm. It is the finest medicine ever made."

Jesse Middewart, Decatur, Ohio, says: "I had not been for Dr. King's New Discovery for Consumption I would have died of Lung Troubles. Was given up by doctors. Am now in best of health." Try it. Sample bottles 10c at all drug stores.

When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,

Deafness Can't be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucus lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound of an imperfect hearing and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucus surfaces.

We will give One Hundred Dollars for any case of Deafness, (caused by catarrh) that we cannot cure by taking Hall's Catarrh Cure. Send for circulars free.
